

Online Courses

Educator Brochure

As the first and only
IB-approved online course
provider, we have been
perfecting the development and
delivery of **IB Diploma**
Programme subjects online for
over 10 years.

To date, over 20,000 students
have benefitted from a Pamoja
Online Course experience.

Why Pamoja?

We give your students the possibility to study the IB DP subject(s) they feel **passionate** about.

Pamoja Online Courses (POC) cover the same course content and prepare students for the same assessments as traditional in-person courses.

Hybrid Environment

By combining POCs with your in-person classes, your school prepares students for the reality of hybrid working.

They'll learn to set their own goals, manage their time and tasks effectively, and be an active contributor in a flexible remote learning environment.

More Options

Increase the number of subjects you make available to students.

Teacher Recruitment

Rely on Pamoja's highly experienced faculty to deliver courses where teacher availability makes in-person delivery a challenge.

71.1%

of students received
an IB grade 5 or higher

45.9%

of students received
an IB grade 6 or 7

90.7%

0.04

deviation between
predicted and final grade

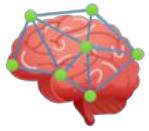

Academic Success

With a 1,511 strong cohort, the Class of May 2022 achieved an average IB grade of 5.23, exceeding the IB world average.

The predicted grades of our experienced faculty came within 0.04 point of the final grades issued by the IB. This accuracy is indicative of how well our teachers know our students.

Our Teachers

Pamoja teachers are all experienced IB Diploma educators with a specialism in online and blended learning. They come from a variety of backgrounds and different countries, bringing their international perspective, knowledge and experience to our online classrooms.

Christopher Ritchie

Christopher is originally from Colorado, USA and now teaches in Saudi Arabia. He has been teaching for around 20 years. His main subject is French, but he has also taught Spanish and German.

French ab initio

Maritza Zepeda Andersen

Maritza comes from El Salvador. She is a Clinical Psychologist and has been teaching IB Psychology SL and HL for the past 18 years.

Psychology

Peter McCombe

Peter is originally from Australia and, in his nearly 40-year teaching career, has worked all over the world teaching mathematics. He is also a workshop leader and has been a DP consultant since 2009 in Asia Pacific.

Alumni Profiles – Lola

Even though we have never met in person, my Pamoja teacher is without a doubt one of the most influential and memorable ones I have ever had.

Alumni Profiles – Jay

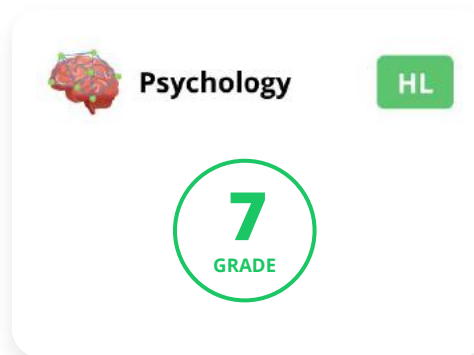

“

I enjoyed the opportunity to learn from the perspectives of other cultures. Despite being online, the classroom still felt like a unified community.

This is **Amelia**

Amelia says Pamoja gave her the opportunity to learn in a more global environment with teachers and students from all around the world. She reports that the Business HL Pamoja Online Course she took gave her a solid basis of business knowledge.

[Read Full Story >](#)

& her parents

Amelia's parents wanted to ensure that she could study the DP subjects that aligned with her future career interests. Unfamiliar with Pamoja at first, they needed to make certain that the online course pathway would provide her with the same opportunities as in-person courses.

The POC Experience

With a combination of high quality course content, live lessons, one-to-one sessions and collaborative projects, POC students have opportunities to develop their personal and social skills as they prepare to transition into early adulthood.

The Teacher

The same teacher accompanies students for the duration of their 2-year DP course, ensuring there is a meaningful teacher-student connection.

Student engagement and progress is tracked to provide context for focused guidance and support.

Easy Access

All course content and online sessions are delivered via one central platform. This is where students access all tasks, interact with their teacher and join discussions with classmates from around the world.

Students are embedded into a truly international setting.

1:1 Sessions

Students are able to book one-to-one calls with their teacher who delivers the academic support needed to excel.

In-Person Support

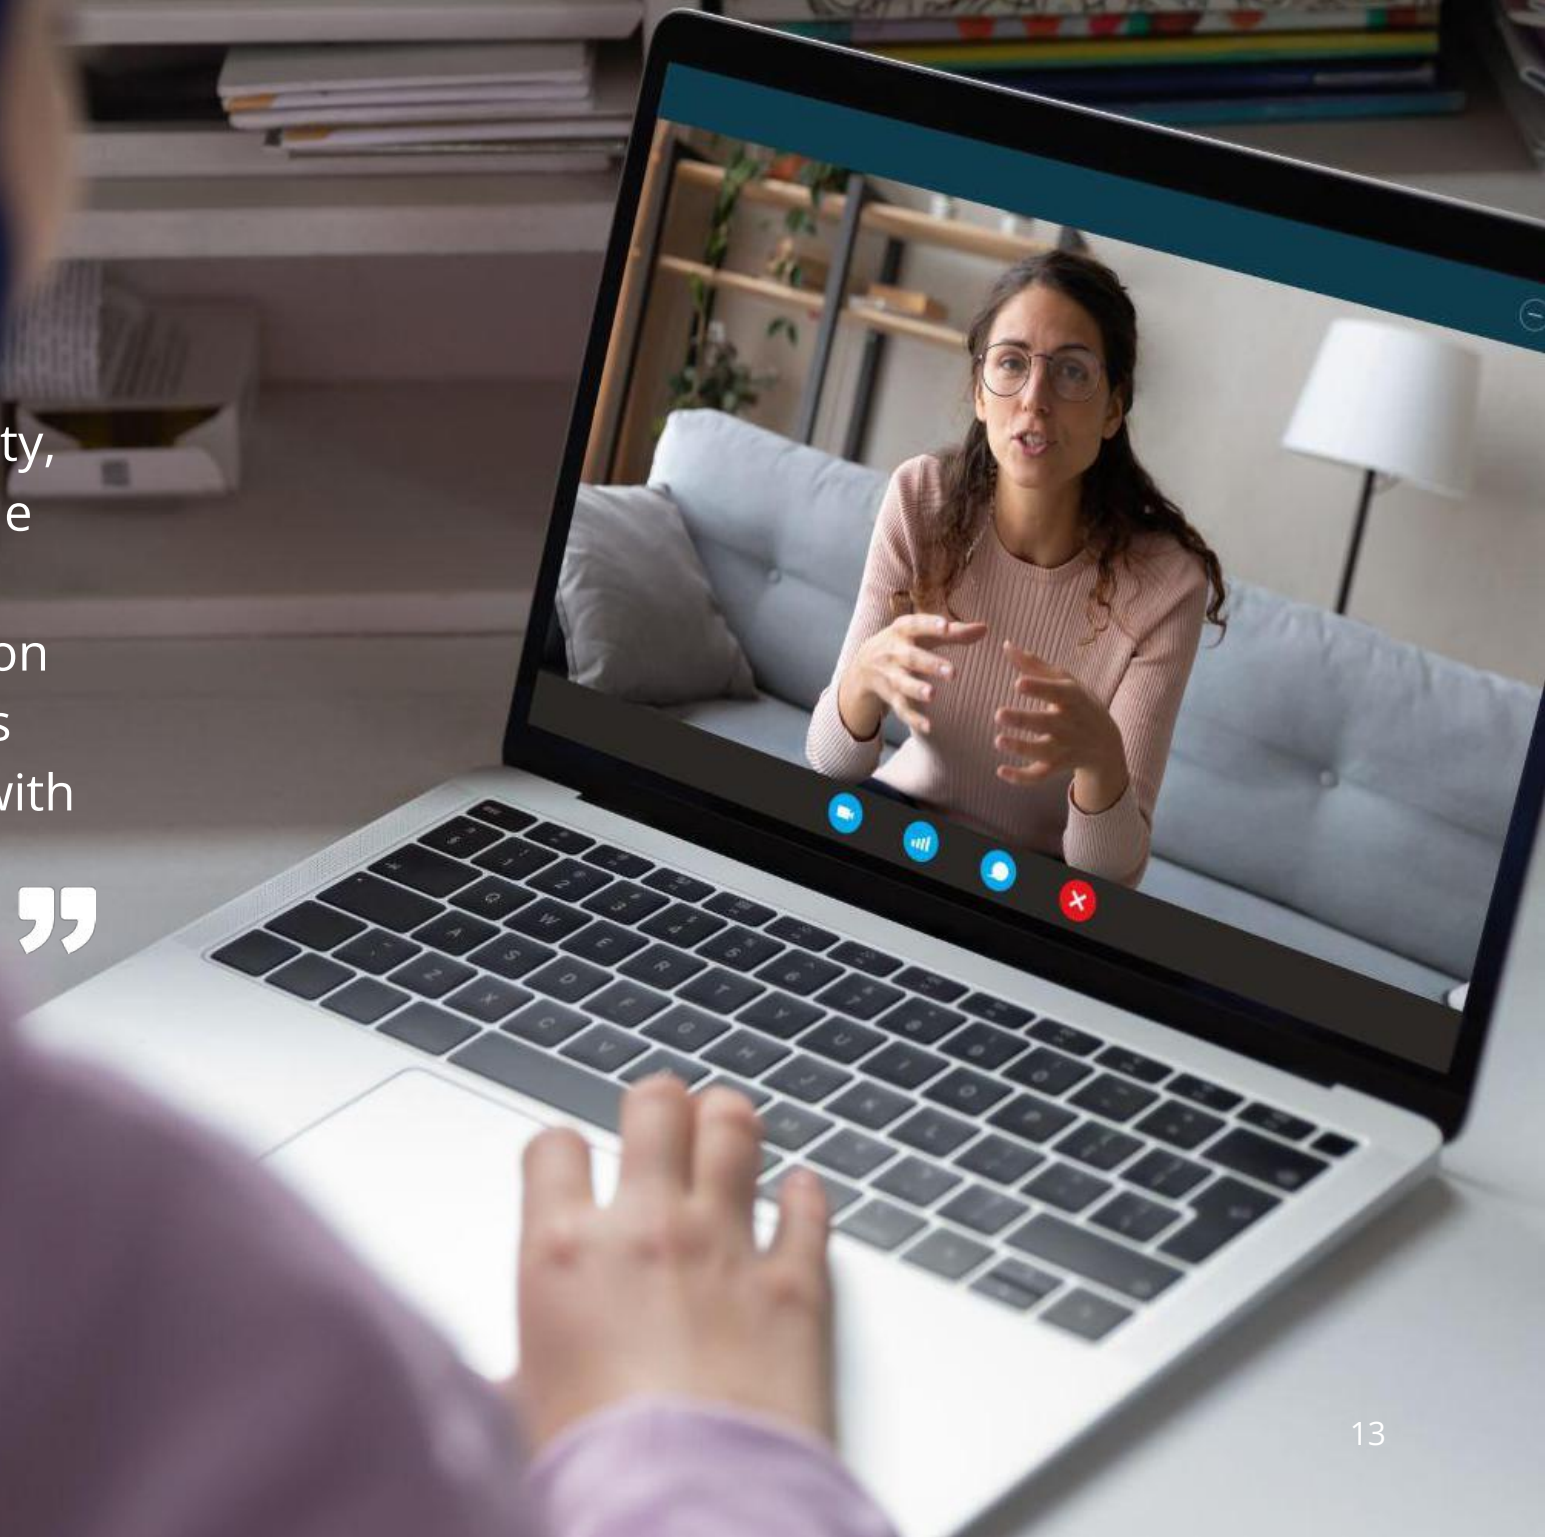

Schools designate a Site-based Coordinator, a member of staff who acts as the first point of contact for the students and their parents or guardians.

“

At Stanford University, we use several online platforms to supplement in-person classes. This setup is similar to studying with Pamoja.

”

Daria Gusarova
Alumna, Pamoja 2022

Safeguarding at Pamoja

Young people all over the world engage with us 24 hours a day, 7 days a week. **Ensuring their safety is paramount** and is always at the forefront of our minds.

Designated safeguarding leads are specifically trained to oversee safeguarding in their specific area, including receiving reports, managing cases and liaising with schools and families.

Safeguarding Policy and internal Codes of Conduct define the safeguarding measures and expectations by which our team are expected to abide.

Recruitment processes include safer recruitment practices, including enhanced background checks.

All team members have onboarding safeguarding training and regular refreshers.
